Professional Summary: Frontend Software Engineer with ~3 years of experience creating well-structured, fast, responsive and optimized modern websites. Delivered 20+ production-level websites across multiple industries. Skilled in **ReactJS**, **JavaScript**, **TailwindCSS**, HTML, CSS, and modern frontend tooling, with strong expertise in end-to-end development.

Technical Skills: JavaScript (ES6+), ReactJS, Tailwind CSS, HTML5, Bootstrap, Typescript, Webpack, Vite, Responsive Design, Git/GitHub, WordPress (PHP) Theme Development, Performance Optimization, API Integration.

PROJECT: Bundlescope | Deployed Website | **Tech:** React, REST APIs, ApexCharts, Vercel

Built and deployed a web tool that fetches and displays NPM package details using real-time REST APIs. Strengthened core React skills including state, props, components, routing, and custom hooks

- Fetches real-time NPM package details (size, versions, minified size, gzip size, downloads, etc.)
- Integrated charts/graphs to visualize package download statistics

WORK EXPERIENCE:

Website Developer | FirstLaunch media Pvt Ltd. | Bangalore, KA | Nov 2024 - Nov 2025

In this role, I was responsible for creating custom WordPress themes using PHP, JavaScript, HTML, and CSS based on client requirements. I built pixel-perfect, responsive websites from design templates, integrated APIs, and developed dynamic features. I also maintained and optimized WordPress sites for performance and security, handling updates, and bug fixes.

- Collaborated directly with clients to **gather requirements, provide technical solutions, and ensure on-time delivery**, even under **tight deadlines**.
- Delivered high-quality websites for major industries including healthcare, digital marketing, law firms, and trading/data-driven platforms, ensuring performance, reliability, and scalability.

Web Developer | Marconix Sales Solution Pvt Ltd. | Bangalore, KA | Jun 2024 - Nov 2024

Developed personalized WordPress websites for multiple brands through outsourcing projects, enhancing user experience and brand reputation.

- Built and optimized dynamic web applications and websites using WordPress & ReactJS
- Contributed to custom software solutions including a House Party Platform and a Recruitment Management System, delivering full-cycle development support.

Web Developer | The Teachief Academy | Kolkata, WB | Feb 2023 - Feb 2024

- Developed an array of websites, such as academic websites, assignment websites, tour and travel websites, directory websites, and property listing websites.

INTERNSHIP: FullStack Intern | ColorBracket Technologies | Sept 2022 - Jan 2023 | WB

- Built UI modules for a **Food Delivery Platform**
- Developed frontend features using **Angular** and **integrated APIs**

EDUCATION: BCA (Hons) - Raniganj IIT | **CGPA - 9.23** | 2019 - 2022 | West Bengal.
